INTEREST IN RACES IS GROWING.

That Local Touring Cars Of Known Speed Enter Touring Car Race.

PARADE HAS BEEN PROPOSED.

White, Chairman of the Racing Committee, advises those who have been anxious to enter their cars for the touring race. It would be of interest to this event, and it would be such a thing as capture the public's attention.

There are a goodly number of cars of known speed which would undoubtedly give a creditable performance in a touring race and in order to make things as much push and show as possible, it would be well to enter them.

Those of you who have fast motor cars should at once confer with Chairman White and take the necessary steps to get in the race.

It is suggested that everybody with a car prepare for a monster parade to be made one of the big features of the race. Think about this and talk it over with your neighbors. With the number of cars in the Daytona district a very handsome showing could be made.

The airplane which Mr. Bates proposed to fly from Daytona Beach to Miami and set up Monday, March 13, is a 28 feet by 2 feet tall, and is powered by a light motor of great power. It is hoped to do 35 to 40 miles an hour.

It is in the sky-flier is great, and Mr. Bates will make many flights from the great racing track.

UNUSUAL CUBAN CRIME.

A recent letter to H. S. Miller, of this city, from Mrs. Miller, who is visiting her daughter at Matanzas, Cuba, says that a man now being tried there in the hall of a dozen "witches" are charged with the murder of a three-year old child, whose heart was cut out to make a broth for the cure of a sick woman. For a long time no clue had been found bearing on the child's disappearance, but finally a boy confessed to having delivered the little victim to the mobbers for two dollars, and they found the child away in a sack. Think of a crime being committed in this civilized day and age and in a civilized community!

Leaders at Big Celebration.

DAYTONA, March 13.—Gompers and others arrived today to attend an enormous labor celebration tomorrow in the Hall of Labor to protest against the recent settlement against labor bodies. The thousands of union men are expected to parade.

A PLEASANT SOCIAL AFTERNOON.

Mrs. Rawson Entertains At Automobile Club House In Honor of Guests.

MANY INVITATIONS ACCEPTED.

One of the most charming social events of the season was the reception given Friday afternoon, from two to five o'clock, at the Florida East Coast Automobile Clubhouse, Daytona Beach, by Mrs. L. O. Rawson, of South Beach street, in honor of her niece, Mrs. C. A. Stark, of Cincinnati, and Mrs. Delmar Call, of New York City. Mrs. Call was not present, much to the regret of Mrs. Rawson and other friends here, as she was unable to make visit south as intended.

The afternoon proved to be a beautiful one and the reception was largely attended, between 150 and 200 responding to the invitations. The ladies were very richly and handsomely gowned, so generally so that it would be difficult to make any special mention without including all.

The rooms were beautifully decorated with palms, arranged with Spanish moss, and the mantel over one of the fireplaces was banked with nasturtiums and the other with calla lilies.

The Clandon Orchestra furnished music during the afternoon and the refreshments, which were in charge of Mr. and Mrs. H. Dohm, were served in their usual excellent manner.

CIVIC LEAGUE IN DAYTONA.

The movement for civic improvement has become world-wide, and it is to be expected that Daytona would not be left behind in the endeavor to add the attractions of art to the beauties which nature has so bountifully bestowed.

The proposal to establish a Civic League to embrace Daytona and the neighboring municipalities, Seabreeze and Daytona Beach, promises to bring together for united action those public spirited citizens who realize the benefits both public and private, which will attend the creation of a sentiment of civic pride and a general desire for the aesthetic decoration of grounds, better care of vacant lots, improvement of public places, establishment of parks, extension of public institutes, municipal sanitation and other good works, which will render this locality still more attractive as a place of residence and as a resort for winter visitors and tourists.

A meeting for the organization of the League has been called for next Thursday at 7:30 p. m. in the Palmto Club House. All interested are invited to attend.

As I am compelled to build my new hotel elsewhere, I offer my property located in Seabreeze, Fla., at bargain prices. See Conrad Real Estate Agency. E. L. Potter.

MADAM CALVE HAS ARRIVED.

Mme. Calve arrived yesterday afternoon at 1:44 from Palm Beach, accompanied by her companion and Senor Arcus, her accompanist. The party was met at the depot by Manager C. F. Burgman, of Wilman's opera house, and Mr. and Mrs. Charles Fogg, of Seabreeze, whose acquaintance with the singer first brought her to Daytona. Mr. and Mrs. Fogg had contemplated taking Mme. Calve to Seabreeze in their automobile, but fearing exposure to the breeze might effect her throat, or bring on a cold, she preferred to make the trip in one of the regular closed omnibuses.

Madame Calve will appear at the Wilman's Opera House this evening and it is anticipated that the celebrity will be greeted by a large audience; as many are coming from Orlando, DeLand, Sanford, New Smyrna and other nearby towns.

If you have not already secured seats telephone to Manager Burgman at once.

DAILY NEWS AT BREAKFAST.

During the great race carnival the Daily News will change from an afternoon to a morning paper.

This change will render it vastly more interesting to its patrons for that period. By such arrangement you can get each day's program to carry with you to the beach and a full account of the previous day's sport.

This will also given the entire Daily News force an opportunity to witness the speed events.

The news service will be well looked after, and the public may depend on everything worth mentioning being duly featured.

MARINES FOR NICARAUGA.

WASHINGTON, March 13.—The Navy Department is considering the advisability of sending marines to Nicaragua, and is awaiting such a suggestion from the Mexican government.

WILL SOON KNOW FATE.

NASHVILLE, March 13.—Prosecutor McGinn will make the closing argument in the Cooper-Sharp trial Monday. Attorney Mack Anderson closed for the defense today.

C. S. Bates is having a housing shed erected on the ocean beach, just north of the Florida East Coast Automobile clubhouse, for the safe keeping of the airplane, which is still at the express office.

COMMISSION NOT AFTER F. E. C. FOLKS

A Wire From Railroad Commission Says No Daytonian Seemed Interested.

ARE YOU ALL SATISFIED?

A force of men are to be brought down from St. Augustine Monday to begin the work of alteration of the passenger depot.

It seems that the plans as tipped off in yesterday's Daily News are to be carried out.

It was current report about town that the Florida East Coast people were being pushed by the Florida Railroad Commission to do something for Daytona and that this tearing up and changing about was due to the Florida Railroad Commission plan.

This is a mistake. The Daily News wired the Commission today and here is the reply:

TALLAHASSEE, Fla., March 13.—To Daily News: "Your wire of this date received. Commissioners have had no petition or communication from Daytona asking for improvements at that place or complaint of present facilities and are not handling the matter with East Coast officials."

"R. HUDSON BURR, Chm."

So here you have it. If the F. E. C. people had been approached by a representative body, delegated to confer with the great moguls of that system, a depot might have been secured which would be a credit to this rapidly expanding city and a comfort to those who need something better as they come and go.

But it was not done. What is everybody's is nobody's business, and it resulted as such things as result under such circumstances.

Rev. Father B. McGivney, of Dubois, Pa., Father John Zeryck, of Fryburg, Pa., and Rev. A. McNulty, of St. Paul, Minn., friends of Rev. Father O'Boyle, of this city, are visiting here, having arrived in Daytona a few days since. The reverend gentlemen find the weather here somewhat warmer than they were experiencing in their home cities but are otherwise well pleased with the country.

Hankins says: Another nice assortment of high grade sponges and chamois came recently. Come in and get yours before the best ones are picked up. Nothing like a good sponge for the bath.

HANKINS, The Druggist, AT THE PLACE Where Volusia Meets Beach.

WHAT DID SHE WANT?

If you were to give some folks the earth with a string tied around it they would, like Alexander of old, sigh for other worlds still. It is a fact that some people are never satisfied with what comes their way; if fish happens to be on their table it's fowl they want; give them meats and they develop vegetarian tastes at once; if it's hot they want it cold—always after something else, usually the unattainable.

A striking example of this trait of character came to notice yesterday at the store of the Conrad Grocery Company. A patron came in, and, looking over the vegetable display, asked in a tired and disappointed sort of way, "Is this all the kinds of vegetables you've got?"

It struck the clerk with such force, such surprise, he immediately made an inventory of the fresh vegetable stock, and here it is:

1, parsnips; 2, beets; 3, carrots; 4, turnips; 5, radishes; 6, mustard; 7, lettuce; 8, kale; 9, onions; 10, parsley; 11, spinach; 12, chard; 13, ahnise mustard; 14, dandelion; 15, cauliflower; 16, cabbage; 17, celery; 18, watercress; 19, egg plant; 20, squash; 21, string beans; 22, green peppers; 23, tomatoes; 24, potatoes.

It must be a very delicate and fastidious taste if this comprehensive list of fresh vegetables fails on it.

Guess she wanted "greens."

CHILD ACTORS MOVING NORTH

The Child Actors' League troupe filled a second engagement at the Hotel Ormond, Thursday evening, and last night they gave a second entertainment at The Lyndhurst, Second avenue, this city, while tonight they are to give a performance at New Smyrna.

This little company of children, composed of five girls and two boys, which has been making The Western, on First avenue, headquarters during the season, has been very popular, giving numerous performances in this city and surrounding towns.

The little folks leave tomorrow, with their manager, Miss N. Whipple, for St. Augustine, where they will spend a couple of weeks before continuing their journey northward.

H. H. Hough went to Titusville today on a combined business and pleasure trip, expecting to return tomorrow.

BLACK HAND MURDER DETECTIVE

Shot Down As He Was Walking Italian Streets For Papers He Carried

TO WAR ON ITALIAN BANDITS.

ROME, March 13.—Joseph Petrosino, chief of the Italian detective squad, of New York, was shot dead last night in Mariana square, Palermo, by agents of the Black Hand. He was attacked as he was walking along the street, and before being mortally wounded he fired four shots at his assailants and is said to have hit one.

The police say that the object of the murder was to get papers known to be in the possession of the detective relative to operations of the Black Hand in America and Italy.

Petrosino was recently sent from New York to Italy to ferret the Black Hand, a fund having been subscribed by rich Americans and Italians to stop blackmail.

He was one of the most valued officers of the New York police.

The murder is expected to start worldwide warfare by the police on Italian bandits.

A RECITAL BY CARLETON.

W. T. Carleton, the operatic baritone and star of the Carleton Opera Company, will give a Song Recital at the Palmto Club next Saturday evening, March 20th, in aid of the Joseph Jefferson Memorial Fund. The program will consist of English, Scotch, Irish and Welsh songs, with a selection from the "Banack Room Ballads" of Rudyard Kipling interspersed with short talks apropos of the songs, composers and periods. Mr. Carleton will also recite an original poem by Joseph Jefferson and tell some anecdotes of the great actor's stage career, terminating the program with his last words spoken on the stage in the character of "Rip." Tickets \$1.00 can be secured at Hankins' Drug Store.

AFTER PRIEST'S MURDERERS.

NEW YORK March 13.—Thirteen men are under arrest on suspicion of being implicated in the murder of Father Aeron, the Polish priest killed in the rectory Wednesday. Antonia Stebaylika, the housekeeper, who was also shot today said that William Olsefski, one of the suspects, was positively one of four who killed the priests.

ELK HERD FLEET RUNNERS.

Are The Eastern Stars "Fixed" Or Will They "Shoot" Past The Elks Yet?

NOW GO AFTER THE RIFLES.

After gamely striving to keep ahead of the Antlered Herd the Eastern Stars have finally been overborne, and the count of Friday evening in the Bush & Safford Piano Contest showed that after an interesting chase the Elks had passed the Stars, being now in third place, a couple of thousand ahead of the Stars and about 500,000 behind the second placers, the Halifax Rifles, whom the Hello Bills will next attempt to pass. So far the run of the Elks has been remarkable. Being a late candidate to enter that order has gone ahead at an extremely fast rate, sweeping everything before them. It will be a race with time from now on to the finish, but surprises may be sprung any day now.

Even yet, however, the Daytona High School is polling the largest vote of all, and the many people that expected to see the students fall down at the finish seem doomed to disappointment.

Outside of Daytona everything seemed quiet, the only thing of interest being that the Seabreeze Congregational church has again passed Miss Ruby Spaulding.

CALIFORNIA GOES WET.

A letter recently received by W. H. Edmondson, manager of the Norman S. Dayton Real Estate Agency, from C. F. Slough, formerly of Daytona, and now located at Live Oak, Cal., savors strongly of the time when Noah built the ark.

Cornelius F. Slough, a brother of Jacob Slough of this city, migrated to California with his family about two years ago, and is, or was, until a few weeks ago, engaged in the pursuit of agriculture at or near Live Oak.

Mr. Slough writes that his farm has been under water for three weeks, and the rain still continues. There were two feet of water under his house, and had been for days. He said he would be obliged to make a move, but it was difficult to get even their trunks to a railroad depot as the horses sank to their bellies in the soft mud. Many people had abandoned their homes to the flood, railroad bridges had been washed away, and Mr. Slough said that unless the rain ceases very soon, it will be several months before the soil will be in condition for a plough.

Mr. Slough's letter is not one of complaint, but merely a statement of facts, made while writing in regard to property interests here. Surely some sections at least of California are surely suffering from too much "drink."

SEABREEZE, March 13.—The San Souci Club met with Miss Ott, on Halifax avenue, Wednesday afternoon. So many of the members being away on excursion trips "Up the river, down the river, and over the river to Charley's" that the regular program was not carried out, and the social feature was all the more enjoyed. Miss Ott is a delightful hostess, and the afternoon one of the pleasant events in club life. Mrs. Haight will entertain the club at the next meeting.

Mr. and Mrs. Webster and son and Mr. and Mrs. Bert, of Springfield, Mass., who are spending the month at Ormond, were in the burg yesterday afternoon visiting Mr. and Mrs. Parker and Col. and Mrs. Cordis on Halifax avenue.

Mr. and Mrs. Erregger gave a delightful launch party to Knox & DeLough's. The party included Mr. and Mrs. Farrell, Mrs. Bronson, Miss Schluchter and Messrs. B. F. Bianchi and Hinman. The day was one of much enjoyment to all.

Messrs. Hatch and Wortley were in DeLand Thursday. This made the trip in Mr. Hatch's motor car. This was Mr. Wortley's first visit to the college town and he was favorably impressed.

Miss Harvey, of Covington Ky., arrived yesterday and will spend sometime at the Russell house.

The H. G. Wilson Co. won the blue ribbon in real estate sales today. The following large transfers were made: I. J. McNutt, of Ohio, purchased south 100 feet river lot belonging to C. A. Balough; J. L. Weisberly and P. R. Ridgeway purchased lots 11, 12, 13, 14, 15 on Atlantic avenue; E. L. Barnes, Daytona, purchased lots 9, 11, 12, 13, 14, block —, Atlantic avenue. H. G. Wilson reports that every lot on Atlantic avenue is sold, and every lot on the east side of Palmetto avenue is contracted for by a syndicate and that prospects never looked brighter for Seabreeze.

Through the same agents, W. L. Waggoner has purchased 490 feet on ocean front north of the Country Club.

A Difficult Task. One of the greatest puzzles, said a member of parliament, is how to concede the most worthy and honorable intentions to an opponent, how to profess an unswerving and unflinching belief in his uncompromising veracity and bona fides and at the same time to convey a distinct conviction that he is an impostor and a humbug of the first water and an accomplished Assnals carrying a welter of thirteen stone seven pounds in the mediocrity handicaps—London Opinion.

Doings at Daytona Beach

DAYTONA BEACH, March 13.—The regular Thursday evening Military euchre was enjoyed at the Seaside Inn Thursday night. Mesdames Shafer and Hillery won first and second ladies' prizes, and Messrs. Kenney and Horn first and second gentlemen's prizes. Twelve tables were set. Light refreshments were served as usual.

Mrs. J. E. Stone, Hopkinsville, Ky., and W. H. Johnson, Baltimore, Md. arrived yesterday at the Seaside Inn.

W. A. Stringfellow of Sanford, traveling salesman, was in town soliciting business yesterday.

A bright little girl baby came to Mr. and Mrs. Fred Allen, Wednesday morning, bright and early. Friends are sending in congratulations.

Mr. and Mrs. Converse, of Chattanooga, Tenn., have taken rooms in the Hibbard home.

Three lots on Valley street, river front, belonging to J. H. Potter and Thos. Keating have been cleared and graded. Mr. Harvey had the contract and the work has been done in his usually thorough style. This is a great improvement to this part of town, and are just now interesting several prospective buyers.

Mrs. S. G. Young, of Lansing, Mich., and little nephew are visiting Mrs. Young's parents, on Pinewood avenue. A competitive cake walk was given by the waiters at the Seaside Inn last night, and a cake contributed by the guests was awarded the best dance. Much fun was occasioned. The cake walks was followed by a delightful hop for the guests, given in the big dining room.

Mrs. Hibbard's millinery department, on Seabreeze avenue, is an enterprise much appreciated by the tourists as well as the residents of the peninsula towns.

Mr. Ueberhorst is still detained North, and may not return from Buffalo for some time yet.

Luck In Horseshoes. The superstition about luck in horseshoes dates back too far for record, but it was not always confined to the horseshoe. Any piece of iron found in one's path was accounted a sign of good luck, and as horseshoes were more commonly picked up than any other article of that metal that particular object at last became the standard emblem of good fortune and the supposed defense against bad luck. In Aubrey's "Miscellanies," written 200 years ago, the author mentions having seen the horseshoe nailed up in church, and he also says that "most of the houses in the west end of London have the horseshoe on the threshold." The horseshoe to possess virtue must have been found, not purchased or looked up. Admiral Nelson had great faith in the luck of the horseshoe, and one was nailed to the mast of his ship, the Victory.—London Chronicle.

entention and praise than does the architect's cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, so that the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings, but at the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best

Why the Architect of the United States has to give to Daytona the most comfortable, the most picturesque and the most fitting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the illuminishing touches which have brought out the colors and outlines of the picture.

Man did all this in the laying out of the streets with their wide margins and parkage, the entire city becomes a great park

run now through unadulterated stagnant water and that which flows at public bathing places is harmful. The best water is that which has been boiled in baked earthenware vessels and then heated a second time before drinking."

This hygienic prescription was handed both for healthy and sick people, since it was applied to the armies. "During marches and in camps physicians must be dug successfully from the highest point to the lowest level of the camp. These holes should be lined with clay such as is used for making pottery and the water should be percolate through it. The water will have all its impurities in these pits."

It may be inquired how the ancient Greeks, knowing the processes of saturation and filtration of water which we applied to that of the most impure rivers, should have drunk without purifiers the water of the Nile, which our microscopes allow us to declare "poisonous," but which is in appearance the most worthy of suspicion of all. It is so muddy, so yellow, that it resembles wine.—Gazette des Eaux.

An Example of How Some Servants Win Their Wages.

A gentleman was invited to a shooting party in Scotland at two places close together. He arrived at the first place and immediately after his arrival the first house received a telegram calling him back to town. He, however, determined to have one day's shooting and to proceed to town the next night mail.

At the end of the day he gave the head keeper fire and asked him to send his gun and cartridge bag over to the other place for which he had an invitation and where he proposed proceeding in three or four days' time.

On his arrival there after his visit to town he found his gun, etc., and when he arrived, whereupon he wrote:

popular folklore. According to the popular notion, it was hatched by an egg laid by the cockatrice, a common barnyard fowl. In ancient picture books it was usually represented as an eight limbed serpent or dragon, sometimes with four sometimes without wings. Its name derived from basiliskos, meaning the king, and was applied because the creature was figured as a red and white serpent as hatched with much like the crown of a cockatrice, the crown of basilisk, besides having, however, possessed a comb which was exact counterpart of the cock's. Pliny assumes us that the basilisk had a voice which "struck terror in the hearts of men, beasts and serpents." The Bible classes it with the serpent, the serpent and the dragon
